Investment Policy

The Investment Manager envisages that the bonds or debt instruments will be denominated primarily in US Dollars, although they may also be denominated in other major currencies, such as the Euro or Pounds Sterling. The Investment Manager does not intend to invest in bonds or debt investments denominated in local emerging market currencies.

The remaining assets will be held in cash, cash equivalent investments and in government and investment grade corporate bonds.

The Sub-Fund may hold up to 20% of its net assets in ancillary liquid assets.
